

KITCHEN WONDER

Homeowners today are equipped with the knowledge of healthy living that transcends to water purification for cooking, washing food or even washing dishes in the temperature you desire. To achieve this goal, a lot of families begin installing water filtration system in their kitchen.

A name that takes top spot in water filtration faucets is Haustern, that comes with a fantastic tri-flow function that allows 3 independent water flow. The 3-in-1 swivel spout comes with have a hot and cold mixer to purified drinking water all in a single faucet. Advocating eco-friendly living, all stainless steel faucets are made of High Grade-304 which is 100% recyclable and lead-free. It fits seamlessly into your kitchen without the installation of an external system, which makes it ideal for any kitchen settings.

随着知识与生活水平的提升，人们在做菜烹饪时往往会希望使用净化水，在洗漱或洗碗筷时则希望使用温度适宜的自来水。为达到这目的，许多家庭都会另外安装一个连接净水器的水龙头。如此一来，我们不仅需要预留另一个安装净水器的空间，而且使用起来也不方便，更不雅观。

Haustern推出了精心研发的净水器水龙头。其三重流量功能让水源可从不同的出口流出，以确保净化水的水质与安全。水龙头的卓越品质保证其耐用性。360°的设计概念让热水、冷水甚至是净化水都可从这单一的水龙头流出。不仅如此，消费者更不再需要另外安装净水器，节省空间之余也完美贴近现代生活概念。秉持着强烈的环保信念，这水龙头采用高品质的304不锈钢制造而成，不仅表面处理美观，还可再循环使用，无铅质地绝不对人体和环境造成负面影响。

Fantastic Tri-Flow

The latest water filtration faucets with a fantastic tri-flow function that allows three independent water flow, which delivers hot and cold water as well as filtered water through a dedicated tube in the spout.
